

GROUPE ROBERT

Your supply chain partner

robert.ca

YOUR SUPPLY CHAIN PARTNER

Founded in 1946, Groupe Robert is a leading North American supply chain partner.

We owe our success to our 3,500 dedicated employees and our expertise in delivering integrated logistics, distribution, warehousing and transportation services.

When you partner with Groupe Robert, you will be doing business with a reliable partner who can address all of your transportation, warehousing and handling needs for both your raw materials and your finished products. We are equipped to deal with cargo of all kinds; be it bulk, palletized, stacked or in individual units. We can provide value-added services at every point of the processing and packaging operation and take charge of any and all of your distribution requirements.

TAILORED TO YOUR NEEDS

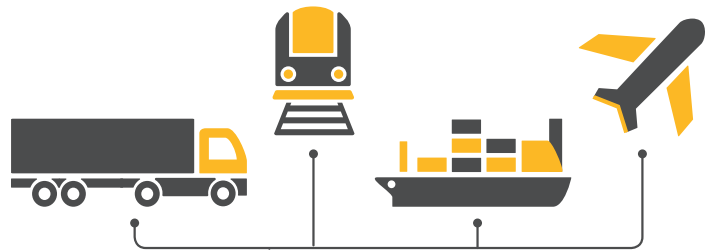

At Groupe Robert, partnership goes beyond providing you with a range of services. As soon as we start working together, our consulting and development department will get involved to help you find the best ways to optimize your logistics operations. Our team of experts will guide you through the process of identifying the challenges you are up against and pinpointing possible areas for improvement to streamline your supply chain.

OUR TURNKEY SOLUTION

From raw materials to finished goods, Groupe Robert has the tools, the know-how and the expert personnel to service the complex needs of our clients.

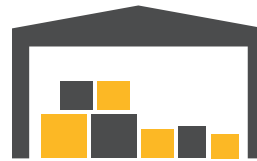

Inbound goods/materials

Expertise and turnkey services to facilitate material inbound. Complete management solution: planning, orders, receptions and import.

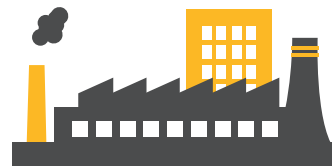

Goods/materials storage

Inventory management, tracking and optimization to streamline supply chain operations.

Shipping of raw materials to production plants

Just-in-time production line supply. Shipping, receiving dock and tooling management.

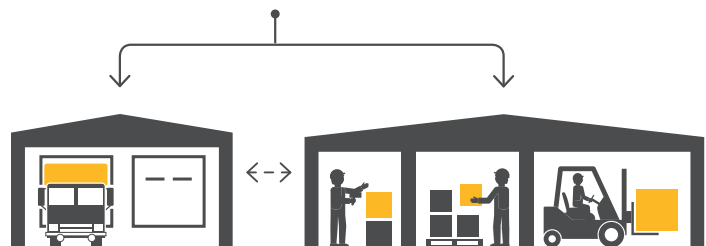

Value-added services

Light assembly, repackaging, kitting, labeling, palletizing, promotional inserts and more.

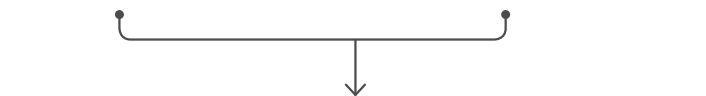

Cross-docking

Optimized handling of products to get them to their destination faster and at the lowest possible cost.

Warehousing

Adapted to suit your requirements: refrigerated, frozen, controlled, ambient, palletized, bulk, unit, stacked, dedicated. Real-time inventory management (WMS) and EDI.

Delivery

Truckload, less-than-truckload, specialized, bulk and intermodal transportation, brokerage. Complete export services. C-TPAT and PARS certifications.

OUR INTEGRATED SERVICES

Backed by a vast network of people and resources, Groupe Robert spans the supply chain management spectrum to provide you with the highest level of services:

- Truckload and less-than-truckload transportation
- Distribution centres
- Warehousing and value-added services
- Specialized transportation (bulk, flatbed and hazardous materials)
- Intermodal solutions
- Logistic services
- Consultation services

NORTH AMERICA-WIDE COVERAGE

Groupe Robert possess the tools, the know-how and the necessary certifications to deliver a turnkey service to all our clients who import or export everywhere in North America. We are by your side to help you create value and empower you to enhance the synergy of your operations.

OUR WAREHOUSING SERVICES

We are proud of the quality of our warehousing services, which are fully customizable and entirely adaptable to your needs and business realities. Every day, hundreds of clients from a broad range of sectors rely on us to prepare, wrap and package their goods for shipment. Our experienced consulting team will guide you in defining a clear vision for a tailor-made warehousing solution that suits your requirements. We will also help you track and measure your performance to ensure ongoing optimization throughout the process.

AVAILABLE VALUE-ADDED SERVICES

Our services are subjected to rigorous quality control to make sure you and your customers are fully satisfied with the results.
